MODA NATURAL LOOK - PUTTY

MOD 2222

Composition	100% Polyester
Width	140cms (55") approx
Usage	Severe Contract Use
Flame Retardant	This fabric conforms to BS 5852 CRIB Ignition Source 5

Moda has been developed by our mills fabric technicians to give a wonderful natural look. It is very tactile to the touch and embodies the distinctive intensity of colour that only polyester can give. The very latest dyeing techniques are employed together with the fabric being finished with an irregular distressed appearance. It is recommended customers are made aware of this characteristic at the point of sale. Colours have been selected to complement any interior.

For headboard pricing in MODA, please refer to Band C.

COLOUR MATCHING

Every effort is made to ensure the closest possible colour match to our pattern books, but we are unable to guarantee an exact match. If you require to match to fabric, please send us a sample or request a stock cutting of the shade.

The images shown in this document are close representations of fabric colours/weave. We do recommend you request samples to be provided to you prior to ordering. To request samples please contact us via 01473 255 888 or email our sales team on info@mattisoncontractbeds.co.uk

PLEASE NOTE

If bobbling or pilling occurs on this fabric, this is not a problem and will not have any detrimental effect on the wearability of the fabric. Removal by a 'de-fuzzer' is the most effective method and returns fabric to its original appearance. Pile fabrics, by their nature, do often have a tendency to pressure mark. This is a natural characteristic of this type of fine fabric. It does not in any way detract from the wearing ability of this quality fabric. We would recommend that customers are made aware of this at point of sale.
