With a range designed exclusively for the hotel and contract market, Mattison Contract Beds is one of the industry's leading manufacturers of contract beds with over 150 years of experience. As a UK manufacturer, Mattison Contract Beds produce mattresses, divan beds, headboards, sofa beds, guest beds and bedding accessories which all comply with UK fire regulations. With an extensive portfolio of clients ranging from top hotel chains, independent and boutique hotels, cruise ships, through to interior designers, these are beds for business - designed for demand.

Perfect for guest rooms or those who are pushed for space, the suitcase storage bed bases help you utilise every inch of storage available and allow guests to keep their luggage stored discretely whilst keeping rooms clutter-free. With a generous 285mm opening to accommodate deep suitcases, the additional storage space offered by this style of divan base is maximised.

The suitcase opening will be on one side as standard, with an option for opening both sides (in double sizes and above) and exposed; an upholstered velcro flap is available on request.
